## Education

---

**Deenbandhu Chottu Ram Univeristy of Science And Technology**

**Dec. 2021 – June 2025**

*Bachelor of Technology in Computer Science and Engineering*

*7.5 CGPA*

**SD Public School Jagadhri**

**2020**

*XII Science Stream*

*92 %*

## Projects

---

### Intellichat

*React, Nodejs, MongoDB, Express*

- Utilizes Google Gemini AI to deliver advanced, natural language interactions, providing users with engaging and intelligent responses in real time.
- Developed with React for an interactive user interface, Express and Node.js for a powerful backend, and MongoDB for efficient data storage and management.
- Ensures a seamless, secure experience on both desktop and mobile devices, with user friendly design and authentication features.

### My Contacts

*React, Nodejs, MongoDB, Express*

- Built a responsive contact management system using the MERN stack, ensuring seamless user experience across all devices.
- Implemented secure user authentication with JWT, enabling personalized sessions and user-specific data access.
- Developed CRUD functionality (Create, Read, Update, Delete) for managing contacts, ensuring data integrity for authenticated users.
